

M6641 JC's Storage Company is a self storage facility in Pembroke, Ontario which currently encompasses over 45,000 Sq. Ft. of rental units, including both heated and unheated storage. The 3:12 double sloped roof pitch on the buildings is a pleasing architectural feature, setting these buildings apart from the traditional, low sloped roof storage buildings. The wide variety of unit sizes enables JC's Storage to offer everything from vehicle storage in the unheated buildings to file storage in the interior heated building.

Project Information:

- JC's Storage Company, Pembroke Ontario
- www.jcstorage.ca
- 8 unheated storage buildings totalling 40,000 Sq. Ft.
- 1 heated interior storage building totalling 5,000 Sq. Ft.
- 3:12 double sloped thru-fastened roofs
- 1:12 single sloped thru-fastened roofs
- Janus Model 650 roll up doors with brush guards
- Structural components are made from Galvanized G-90 material, providing enhanced protection.

38 McBrine Place, Unit #6, Kitchener, Ontario N2R 1G8
